- Agriculture and Fisheries |
| Status | - Ongoing |
| Focus Area | - Coastal Inundation/Sea Level Rise, Extreme Weather, and Community Resilience  
- Marine and Terrestrial Ecosystems |
| Regions | - South Pacific  
- Kiribati |
| Description | This Kiribati NAPA-2 program helps to ensure food security of small atoll island communities in a changing climate through:  
1) Institutional capacity development to reduce the impacts of climate change-induced food shortages; and 2) Implementation of community based adaptation measures to increase human, natural and productive livelihood capital in affected communities. |
